

****REMINDER****

****IMMEDIATE ACTION REQUIRED****

**GRAYSON COUNTY HOMEOWNER
WITH AEROBIC SEPTIC SYSTEM**

Grayson County's Order concerning On-Site Sewage Disposal Systems requires that all owners of single-family residences using Aerobic Septic Systems are required by law to either 1) have a maintenance contract with an approved on-site sewage facility (OSSF) contractor or 2) inspect and maintain their aerobic system themselves (if homeowner has completed an approved OSSF course). These requirements are evidenced by submitting a filing fee of \$20 with either a signed maintenance contract or a certificate of self-maintenance (attach proof of completion of self-maintenance training course) to:

**Grayson County Health Department – OSSF Division
205 North Houston Avenue, Denison, Texas 75021**

If you have questions, please contact the OSSF Division at 903-813-4253. To locate a licensed maintenance provider or homeowner maintenance class please visit us on the web at <http://www.co.grayson.tx.us/Planning/CP> under the On-Site Sewage and Self Maintenance sections.
